Yes. It would probably be a good idea to send the lab notes. You can just mail those if they are voluminous. Thanks.

Haha!! No he's not going on [REDACTED] (as far as I know anyways ☺)!!
I will fax you his CV today. Would you like me to send you a copy of all the lab notes for your records?
Let me know if you need anything else.

That should work. He's not going on [REDACTED] is he? I think there's something in the air up there in your lab!

Kidding. If you could fax or email me his CV that would be great. Thanks.

Hi Rob,

I spoke with Elisabeth O'Brien, who is one of the Supervisors here, and she said that as long as the judge and defense allow it, we could have a chemist (most likely the supervisor of the lab Charles Salemi) review both Nicole and my notes and testify to those. Let me know if this will work for you.

Thanks,

Well congratulations to you both!

We may be able to go forward w/ a chemist there who reviews the raw data you collected and renders his or her own opinion on the drugs. Is there someone there who could pinch hit for you?

Let me know when you have a sec. Thanks.

Hi,

I received a summons from you for Com vs. [REDACTED] (lab # [REDACTED]) scheduled for trial on March 14. I will not be available that day. I will be on [REDACTED] and will not be returning to the lab until late August. Nicole Medina, who is the other chemist listed, is currently on [REDACTED] and will not be returning to work until June. Sorry to be the bearer of bad news!

Thanks,
